

ABOUT DSCI

Data Security Council of India (DSCI) is a not-for-profit company, setup by NASSCOM, an industry body of Indian IT/BPO, Banks, Telecom, Public Sector companies, amongst others, for the purpose of security and privacy in the country. Since its inception, DSCI has been closely working on public policy matters related to ICT, contributing in the national cyber security and privacy initiatives and engaging with global think tanks, governments and institutions in the efforts improving health of global cyber space.

To further privacy capacity building in India, DSCI has developed certification credential programs-- DSCI Certified Privacy Lead Assessor (DCPLA®) and DSCI Certified Privacy Professional (DCPP®). We have a demonstrated history of conducting privacy training programs for large organisations such as Aditya Birla Group, Wipro, Ernst & Young, HCL etc.

DCPP
DSCI Certified Privacy Professional

DSCI
PROMOTING DATA PROTECTION

ACCELERATE YOUR CAREER IN PRIVACY BECOME A DSCI CERTIFIED PRIVACY PROFESSIONAL

Rapid change and dependence on data to drive businesses and innovation has raised potential threats and risks to privacy of individuals, which nations have sought to tackle through imposition of regulatory requirements, obligations and liabilities to make enterprises accountable.

Compliance with these regulations becomes a major challenge faced by organisations, right from the stage of identification of the regulations that they are subject to by virtue of the nature of data they are dealing and the scope of application of these laws. To manage privacy challenges and risks, there's a real need for professionals who know the issues and impacts of data privacy.

As skilled privacy professionals are in high demand, DCPP® certification is what employers are looking for. When you earn a DCPP® credential, you earn the right to be recognized as part of an elite group of knowledgeable, capable and dedicated privacy professionals. DCPP® is a pioneer credentialing program which empowers you with knowledge and equips you with necessary skills to advance your career in the field of data privacy. It is an industry standard certification for professionals entering and working in the field of privacy.

As skilled privacy professionals are in high demand, DCPP® certification is what employers are looking for.

DCPP an industry standard certification for professionals entering and working in the field of privacy.

- According to a report by Capgemini's Digital Transformation Institute, over half (55%) of companies say that the digital talent gap is widening and cyber security skills rank first in both demand and in talent gap.

WHY DSCI

Gain wholistic understanding of Privacy regulations across geographies

Privacy concepts, Principles, Personal Data Interaction ecosystems, Privacy enhancing

Technologies and implementation standards and frameworks

TESTIMONIALS

DSCI has taken the right step at the right time by coming out with the DCPP® and DCPLA® certifications. Syllabus for DCPP is most appropriate.

T.M.N.V.R. Subbanna Deputy - Vice President, Axis Bank

I am thankful to DCPP® Certification Program that has helped me with in-depth knowledge, along with the unique amalgamation of legal and technical aspects of data privacy. It has aided me with a global view of the current data privacy standards and practices.

Abhay Singh Consultant, Pricewaterhouse Coopers Pvt. Ltd.

It's a privilege and honour to be certified by DSCI. Privacy is a right that is core to our existence and it should compliment, not come in conflict with our equally important need for security and well being. Both can and must co exist together, to preserve the value of our lives and dignity as citizens, and as consumers of products and services.

Abhijit Anant Telang Founder, Loneous Software
