03:30 - 04:05 pm	Panel Discussion: Decoding Role Ambiguity and Considerations for Managing Privacy Contract – DF, SDF, DP This session focuses on different roles organization may play and how the contracts should be managed. Consider the complex use cases – Aggregators, Intermediaries, Stakeholders in Supply Chain, Brokers, Two or more fiduciaries. How the contracts should be governed considering consent management, notice, liabilities and other obligations. This dives deeper into complex supply chains where data moves between multiple processors or from a fiduciary to a processor. It addresses the "chain of custody" and the contractual obligations required to ensure data remains protected as it is handed off between different entities. Moderator: Sukrit Ghosh, Director, DSCI Speakers: • Priyanka Sharma, Head- Technology Laws & Data Privacy Group Legal & Compliance, Aditya Birla Group • Srivatsan VN, DPO, ICICI Bank • Dr. Pawan Chawla, CISO & DPO, Tata AIA • Stephen Mathias, Partner, Kochhar & Co
