About DSCI

Data Security Council of India (DSCI) is a focal body on data protection in India. It was set-up as an independent Self Regulatory Organization (SRO) by NASSCOM®, to promote data protection, develop security and privacy best practices & standards and encourage the Indian industries to implement the same.

DSCI is engaged with the Indian IT-BPM industry, their clients worldwide, Banking and Telecom sectors, industry associations, data protection authorities and other government agencies in different countries. It conducts industry wide surveys and publishes reports, organizes data protection awareness seminars, workshops, projects, interactions and other necessary initiatives for outreach and public advocacy.

Public Advocacy, Thought Leadership, Awareness and Outreach and Capacity Building are the key words with which DSCI continues to promote and enhance trust in India as a secure global sourcing hub, and promotes data protection in the country.
